

**Special Issue - April 2013**

**INTERNATIONAL JOURNAL OF INNOVATION AND TECHNOLOGY MANAGEMENT**

***Managing Emerging Technologies: The Case of Nanotechnology***

**Guest Editor**

M. Atilla Öner, Yeditepe University  
[maoner@yeditepe.edu.tr](mailto:maoner@yeditepe.edu.tr)

**Gian Carlo Delgado Ramos** - Universidad Nacional Autónoma de México  
**"Ethical, social, environmental, and legal aspects of nanotechnologies: a reading from Mexico"**

**Axel Zweck** - Zukunfftige Technologien Consulting, VDI Technologiezentrum GmbH - Germany  
**"Towards an Integrated Technology and Innovation Management"**

**Daisuke KANAMA** - National Institute of Science and Technology Policy (NISTEP) - Japan  
**"Multimodal evaluations of Japan's nanotechnology competitiveness"**

**Pisek Gerdri and Dundar F. Kocaoglu** - Department of Engineering and Technology Management, Portland State University - USA  
**"Evaluating Nanotechnologies for the Development of National Agriculture Industry"**

**Aurélie Delemarle** - Université Paris Est – ESIEE Management - France  
**Harald Throne-Holst** - National Institute for Consumer Research (SIFO) - Norway

***"The Role of Standardisation in the Shaping of a Vision for Nanotechnology"***

**Kerstin Goluchowicz - Stephan Gauch - Knut Blind** - *Innovation Economics, Berlin Institute of Technology (TU Berlin)*

***"Supporting successful standardization processes in complex emerging fields through quantitative analysis - the case of nanotechnology"***

**M. Atilla Öner, Fatih Karaca, Senem Göl Beşer, Hakkı Yıldırım** - *Yeditepe University, Turkey*

***"Comparison of Nanotechnology Acceptance in Turkey and Switzerland"***
